Upon arrival, before exploring the tunnels, you will have some short introduction followed by introductory video about how the tunnels were constructed and how the people survived in the harsh conditions of the war time. Then, spend your time to explore the remaining area and tunnel systems which included the special constructed living areas with kitchens, bedrooms side by side with other martial facilities like storage, weapons factories, field hospitals, and command centers helping whoever lives inside the tunnels meet their basic needs. Besides, there are also many hidden trap doors and dangerous traps within the maze-like tunnels for security purpose during the war. Afterward, special tea and cassava (guerilla's food during the war) will be served. Break time for relax or time for those who want to try the real shooting gun.

**Great guide, interesting and important place to visit**

11 Feb 2019

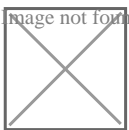

I really liked the tour. Yes we had to go on one side stop where they wanted us to buy things but it was ok. I didn't like the start of the tour when the guide talked too much about party and alcohol and made fun of western people. But he changed and was a really knowledgeable guide and changed his way to act to me. It is amazing to be able to go into the tunnels. I really recommend

Great insight into the war. Well laid out, our guide was great. Gave me

a better appreciation into the determination of the Vietnamese people. Amazing that people lived and fought underground and built everything they built by hand - and it was so close to HCMC. Highly recommend it to anyone who wants to get a feel for those who fought against the US.
